## FAQS

**Q. What is included in this Japan tour package?**

A. This journey includes handpicked 3-star hotels with daily breakfast, all entrance fees to the listed attractions, private guided sightseeing, and comfortable private transportation throughout the itinerary. You'll be accompanied by an experienced English-speaking guide who ensures every day runs smoothly and shares deep cultural insights.

**Q. Does the package cover international flights?**

A. International airfare to and from Japan is not included. Travelers typically book flights separately to allow flexibility in departure cities and mileage program preferences. Once your arrival and departure details are confirmed, our team arranges seamless private airport transfers.

**Q. How is this tour different from other Japan packages?**

A. Unlike large group tours that rely on shared buses and rigid schedules, this program provides a private vehicle and professional guide throughout the journey. That means no waiting for strangers, no rushing through sights, and complete flexibility to adjust the pace. You'll experience Japan in comfort while still having expert local guidance at every step.

**Q. What meals are included?**

A. Daily breakfast is provided at your hotel. For lunch and dinner, your private guide is available to recommend restaurants, from authentic local eateries to fine dining. Many travelers prefer this approach as it gives them the freedom to explore Japan's incredible food scene without being limited to pre-set menus.

**Q. How much walking is involved each day?**

A. Japan's top sites often involve walking, especially in cultural districts, gardens, and temple complexes. However, with private transportation at your service, long commutes and excessive walking are avoided. The guide adapts daily touring to match the comfort level of the group.

**Q. Are all entrance fees covered?**

A. Yes, entrance fees for all the attractions mentioned in the itinerary are included, so you don't have to worry about carrying cash or waiting in ticket lines. Your guide takes care of all arrangements on-site.

Q. Will we have free time during the trip?

A. Absolutely. While the itinerary is well-structured, there are windows of leisure for shopping, exploring local neighborhoods, or relaxing at your own pace. Since you're traveling privately, the guide and driver can also adjust timing if you want more time at a particular site.

Q. Do I need a visa to travel to Japan?

A. Travelers from the USA currently do not need a visa for short-term stays in Japan. However, we recommend checking the latest entry requirements prior to departure, as policies may change.

Q. How are luggage and transfers managed during the trip?

A. With private transportation throughout the journey, your luggage is handled with ease. You won't need to drag bags through train stations or wait for porters in busy lobbies. The driver ensures smooth transfers between cities and hotels.

Q. Is this tour suitable for first-time visitors to Japan?

A. Yes. This program covers Japan's most iconic highlights—Tokyo, Mt. Fuji, Kyoto, Hiroshima, and Osaka—while also allowing you to experience authentic neighborhoods and cultural immersion. With the convenience of a private guide and driver, it's an excellent introduction for first-time visitors who want both comfort and depth of experience.
